SHS Baseball Has Busy Week with Three Games

The Stevens baseball team had a busy week with three games and a fourth game postponed. On Monday the team traveled to Weare to take on the John Stark Generals and dropped a close game, 3-2. John Stark scored a run in the first, but the Cardinals tied it in the top of the 2nd on three hits. Cam Macia singled, came around to third on a single by Gabe Miller, before coming home on Ethan Johnson's single. John Stark added 2 runs to go up 3-1. Stevens cut the lead to 3-2 in the top of the third inning and nearly tied it. Alex Taylor walked and took third on a Derrick Stanhope double. Owen Taylor hit a long sacrifice fly to right scoring his brother Alex, with Stanhope taking third, but the Generals were able to get out of the jam and held on the rest of the way for the win.

Ethan Johnson pitched very well but was the tough luck loser as he went 6 innings, giving up 5 hits, walking 3, and striking out 2. He

threw just 76 pitches on the day.

Alex Taylor had the other Stevens hit.

On Wednesday at Barnes Park the Cardinals hosted the Lebanon Raiders. Lebanon would get the victory 5-2. Trey Theriault started for Stevens and pitched into the fifth inning. Josh Stithen pitched the final 3 innings holding Lebanon scoreless. Stevens took a 2-0 lead in after 1 with the big hit an Owen Taylor RBI triple scoring Derrick Stanhope. Lebanon would get single runs in the 3rd and 4th inning, before taking the lead for good in the 5th inning with 3 runs. Trey Theriault had a pair of hits. Ethan Johnson, Derrick Stanhope, Tyler Bonneau, and Cam Macia had the other hits for Stevens.

On Thursday afternoon the Con-Val Cougars came to Claremont and returned home with an 8-7 victory in a game that went back and forth. Con-Val got a pair of runs late in the game but the Cardinals battled back and had men on 2nd and 3rd with two outs in the bottom of the seventh but the Cougars got the final out to hold on.

Derrick Stanhope had 2 hits, a double, a sacrifice fly, and 4 RBI in the game, as well as battling on the mound for 6 2/3 innings.

Owen Taylor, making his varsity pitching debut, retired the final Cougar hitter in the seventh. Taylor also had a pair of hits. Alex Taylor had 2 hits and 2 RBI, Trey Theriault added 2 hits and scored a pair of runs, and Cam Macia had 2 hits to extend his hitting streak to 6 games.

The Cardinals were scheduled to travel to Windsor on Friday, but that game was postponed due to rain. No makeup date has been set at this time. Stevens will host Kearsarge in a Monday night contest at Barnes Park. Game time is 7PM.

News from Claremont Country Club

The men's league will hold their opening cocktail party with appetizers on Tuesday May 7th at 5:30 p.m. They will play 9 holes beforehand (weather permitting) but will hold the party regardless of weather.

I Love Sparrows!

By Priscilla Hull

I love sparrows! They are small and inconspicuous. Unlike a cardinal, they aren't a bright star on a snowy day. Unlike a blue jay, they aren't loud and raucous if your feeders are empty! Unlike the chickadee, they aren't recognized by their perky little appearance. Unlike the robin, they aren't eagerly sought as harbingers of a new kinder season when winter seems never to break. They are little brown, black and white scrounges. You'll see them scratching up the ground anywhere they land, looking for minuscule seeds and bugs. We might say they keep an area clean.

There are many species of sparrows: Tree, song, house, white crowned, chipping, white throat and vesper are just some of the names they go by. They are generally non-descript, simple, brownish birds who like to travel in groups. Most frequently when you see one sparrow, you'll see several more. Most aren't the most musically inclined birds, but the song sparrow and the vesper sparrow have long, throaty, intricate vocals. Some, like the tree sparrow with one black spot on its chest, are easily identified. Also the white crowned sparrow has very clear white markings on the head. I have a sister who has made a study of sparrows and can identify most with a quick look. Takes me a little longer and then, I'm not always sure that I've got it right.

Sadly, sparrows are another of our species which have declined in numbers over the past years. Used to be sparrows were a bit of a nuisance, nesting on posts of a porch, squeezing through a tear in a screen to flutter about the porch until a window or door was opened. We might ask, there are so many, what difference does it make if a few are gone? As with everything, bees, whales and a creatures in between, it makes a difference. The world was created in a perfect balance and unless we work to restore that balance, we won't be around much longer, maybe a few thousand years, but not always.

So watch out for those poisonous weed killers, they kill not only weeds, but then the insects are affected, then the birds, then the predatory animals (like our house cats) and so on until the balance is offset and we suddenly find ourselves with limited flora and fauna.

Watch for the sparrows. They are small and insignificant at first thought, but even their lives matter.

*Are not two sparrows sold for a penny? Yet not one of them will fall to the ground outside your Father's care.
Matthew 10:29*

CHARLESTOWN RECREATION COMMITTEE RECREATION NEWS

CHARLESTOWN'S TRAILS: Looking for some outdoor fun right here in town? The Charlestown Conservation Commission (CCC) maintains six (6) trails, listed below:

The Great Meadows Trail is 1.2 miles and is considered an easy trail. It starts on Lower Landing Road and follows the Connecticut River southward. There are great views of the Connecticut River as well as the "Great Meadow". Great Meadow is an important migratory stop for birds. A great spot for bird watching.

The Nature Trail is .5 miles and is considered an easy trail. It starts behind the firehouse, up over a ridge and down to Clay Brook, over the culvert and upstream, up a hill through a variety of habitats, including the riparian buffer zone, hemlocks, hardwood, finishing in a pine stand. Once at Fling Road, if you look back over the brook, you'll see the remnants of a grist-mill dam.

The Reservoir Lot Trails is 1.8 miles and is considered a moderate trail. There are two trails that can be followed. The southern loop is mostly dominated by hemlock and the northern trail is mostly hardwood. Deer, turkey, and bear have been seen along this series of trails.

The Connecticut River State Forest Trail is 1.3 miles each way and is considered a difficult trail. It starts at East Street Ext, inclines for about a mile then flattens out. It ends at Lamb Road. Part of the trail runs through a hemlock stand that has been a deer wintering yard. Bear have also been seen in the forest.

The Hubbard Hill State Forest Trail is 2.2 miles and is considered a moderate trail. It crosses and parallels power lines at points while following along a snowmobile trail.

The Halls Pond Trail is 3.1 miles and is considered a moderate trail. There are many deer signs and an occasional moose. There are also many birds, and, in the migrating season, the pond holds ducks and geese. This trail uses some private property and runs over the Acworth town line for a short distance and back into Charlestown, between a farmhouse and barn. The trail skirts some vernal pools so is strictly hiking and horseback riding only.

4 Musts for Writing Your Resume

Keep an eye on keywords

When applying to any job, it's always a good idea to try to mirror the language in the listing to make sure descriptions of your qualifications match what companies say they're looking for, according to Indeed

Put the important stuff first

Even if you don't have a ton of work experience in your chosen field - for instance, if you're a recent college graduate - it's vital to put the most pertinent information as high up in your resume as you can, according to Forbes.

Look for inspiration

Another great way to make sure your resume goes above and beyond expectations is to look online for some examples of really good resumes that are specific to your field or even the kind of position you're applying for, Indeed added.

Quantify your accomplishments when you can

It's one thing to list a few things you've achieved, but when you can be specific about those details, you're more likely to impress a hiring manager, according to the American Society of Mechanical Engineers.

Grand March, Stevens High School Prom, May 4, 2019

'A Night of Sorcery'

Stevens High School juniors and their dates left the warm, sunny afternoon that was Saturday, May 4, and entered a magical, dramatically decorated world for their prom.

The students began the evening by taking part in the traditional Grand March. Family and friends packed the auditorium, cheering and applauding each of the couples as they were introduced.

Afterward, the prom-goers entered a sorcerer's hall (formerly known as the gymnasium) and danced the evening away. Sam Sweet and Clara Avery were named King and Queen.

TUESDAY, MAY 14**Mark Your Calendars!****CORNISH HISTORICAL SOCIETY**

On May 14, 2019, Tuesday, at 7:00 PM, the Cornish Historical Society will host a program entitled "New England's Colonial Meetinghouses and Their Impact on Society". New England's colonial meetinghouses embody an important yet little-known chapter in American meetings and were the centers of life in colonial New England communities.

Using photographs of the few surviving "mint condition" meetinghouses as illustrations, Paul Wainwright tells the story of the society that built and used them, and the lasting impact they had on American culture.

This program is sponsored by the NH Humanities Council and will be held at the Cornish Meetinghouse, Meetinghouse Dr., Cornish Flat, NH.

Tanglewood Marionettes present "The Fairy Circus"

Plenty of Strings, So Many Laughs

Tanglewood Marionettes visited the Claremont Savings Bank Community Center on Saturday, May 4.

Peter Schaefer introduced the audience to laugh-inducing hand and mouth puppets before showcasing more than 20 beautifully hand-crafted marionettes in "The Fairy Circus." "Oooooos" and "ahhhhhhs" filled the room as puppets danced, played instruments, juggled, contorted, and flew through the air with the greatest of ease. The puppets' astounding moves were accompanied by the music of favorite composers.

After the show, the audience met both puppets and puppeteer to learn more about the skill and magic of

this centuries-old art. Follow them at tanglewoodmarionettes.com.
